GEN. YUDENITCH TAKES PETROGRAD

Russian Capital Now in Possession of Northwestern Army

FALL OF KRONSTADT

Bolshevist Leaders Decided to Evacuate City on Account of Lack of Disipline in Their Army.

London, Oct. 17.—Petrograd has fallen to the forces of General Yudenitch, commander of the Russian northwestern army, it was reported here today in advices from Helsingfors.

At the same time, reports received here said that Kronstadt, the great Bolshevik naval base, had capitulated to the British fleet after an intense bombardment which lasted all of yesterday.

The reported capture of Petrograd was celebrated by Russians in Helsingfors, but there was no official confirmation of the fall.

General Yudenitch's forces captured Gatchina Tuesday night. Gatchina is thirty miles from Petrograd It is reliably reported from Reval, Copenhagen and Stockholm that Yudenitch had occupied Krainoye Selo and Tsarkoe-Selo, fourteen miles from Petrograd.

At a meeting October 6, according to Helsingfors advices, the Bolshevik leaders decided to evacuate Petrograd on account of lack of discipline in the army. The communist troops were withdrawn immediately and workmen were ordered to leave the city.

The British sea attack on Kronstadt, it is stated, was directed from Kuporia bay. Windows in Finnish villages were shattered by the concussion the bombardment caused.

OYSTER SOAKING BANNED

U. S. Food Inspectors Instructed to Watch Shipments

Washington, Oct. 17.—The Department of Agriculture announced yesterday that oysters shipped in interstate commerce containing water from soaking or excessive washing violates the Federal Food and Drug act. Food inspectors have been instructed to watch shipments in order that the practice of soaking may be stopped.

Water frequently is added to oysters by soaking them for some time in fresh water. The oyster will soak up enough to increase its weight and bulk from one-fifth to one-fourth, says the department's statement.

Some dealers deliberately soak their oysters in fresh water for the purpose of increasing the bulk. Others unintentionally produce the same result by a long process of washinng in fresh water. In either case the consumer pays for the added water. Appropriate action will be taken, say officials on all shipments found to be in violation of the Federal Food nad Drug act.

CONFERENCES AT PARTING OF WAYS

Issue of Collective Bargaining Brings About Deadlock

LABOR MAY WITHDRAW

John D. Rockefeller, Jr., Makes Brilliant and Sensational Address in Interest of Labor.

The National Industrial Conference is at the parting of the ways today.

The issue is collective bargaining. The public group to a man is espousing the labor cause. The employer group yesterday stood out stubbornly against it, and there is slight hope that its attitude will be changed today.

Unless labor wins on this issue, it may withdraw from the conference. It feels that if a unanimous vote of the public group, standing midway between capital and labor, cannot succeed in forcing the employers to recede from a "standpat" attitude, there is no hope of the round table getting anywhere.

Bernard Baruch, and through him the entire force of the administration is now behind labor, and his generalship is the outstanding feature of the conference.

When Thos. L. Chadbourne, chairman of the steering committee, reported the resolution supporting collective bargaining to the conference yesterday, saying that the labor and public representative on the committee favored it unanimously, but that the employer group opposed it, a dramatic debate was precipitated.

John D. Rockefeller, jr., made a brilliant and sensational address in which he championed the labor contention and stated that political democracy must be supported by industrial democracy.

Labor, capital, management, and the public, he said, accomplished great results during the war by cooperation, and he expressed the hope that the conference groups might "stand together as unselfishly as they did in settling the problems of the war."

Justice and fairness only, not legislation, will solve industrial problems, Rockefeller emphasized.

AMENMENT DEFEATED

Senate Votes 55 to 35 for Rejection, 14 Republicans Opposing

The Shantung amendment to the peace treaty was rejected by the Senate yesterday by the vote of 55 to 35. The votes of thirty-two Republicans and three Democrats were recorded for it, while fourteen Republicans and forty-one Democrats voted against it.

Senator Phelan, of California, made a powerful speech against the amendment. Recognized as the leader of the fight against Japanese aggression in America, what the Senator said had great weight. He took a broad stand for the league of nations as being the best relief that could be given China in securing justice in the Shantung matter.

DIPLOMAS GIVEN THREE NURSES

Training School of Alexandria Hospital Hold Exercises

MUSICAL PROGRAM

Dr. Delaney Presides—Dr. Powell Presents Diplomas and Rev. Dr. Allison Addresses Graduates.

The Young People's Building was the scene of an interesting gathering Wednesday to witness the graduating exercises of the training school for nurses of the Alexandria Hospital. Miss Elizabeth Taylor, Miss Marguerite Davis and Miss Harriette Dofflemyer being the fortunate young ladies to receive their diplomas.

The hall was beautifully decorated with autumn leaves and lovely cut flowers and presented a most engaging appearance. The committee on decorations being, Mrs. George R. Hill, Mrs. George Klipstein, assisted by the Golden Links of the Southern Methodist Sunday School. After a stirring march by Miss Schwab, a young pianist of great promise, the exercises opened with an invocation by Rev Dr. S. A. Wallis.

Dr. M. D. Delaney, made a gracious master of ceremonies, Dr. Llewellyn Powell presented the diplomas. Miss Lillian Moore and Miss Janet Gronau, with Miss Schwab at the piano, gave great pleasure to the audience with their lovely voices.

The Rev. Dr. John Lee Allison gave the address, which was listened to with deep interest by the large audience. During the address he paid fitting tribute to Miss Julia Johns, who by her interest and work long years gone by, made it possible to first start the Alexandria Hospital in our midst.

After the benediction by Rev. Dr. Wallis, the nurses, with many of their friends, adjourned to the Nurses' Home on South Washington street, where an enjoyable informal reception was held.

The spacious rooms were a veritable bower of blooms. Flowers were massed everywhere, some of the roses having been brought from historic "Shirley," on the James especially to grace the occasion.

Candles and shaded lights gave a pleasant glow, while the nurses, in their becoming uniforms, flitting about serving their guests added greatly to the attractiveness of the scene. It was an occasion long to be remembered.

SHOT AS HE LEAVES CHICKEN HOUSE

Wm. Keys, 18 Years Old, of Manassas, Slightly Wounded

HELD FOR FAIRFAX

Shot Fired by O. A. Catts As Man Leaves Chicken House Late Last Night.

O. A. Catts, who lives on Duke street extended, at 11 o'clock last night while on the road was attracted by a noise in his chicken house and he waited and suddenly saw a man emerge with a basket and he fired at the man. The load from his shotgun brought the man to a halt and he ran up and took in custody a white man giving the name of William Keys, eighteen years old, who says his home is in Manassas.

Keys was brought to the Alexandria Hospital by Mr. Catts and received treatment for a small wound in the side and afterward taken to police headquarters and locked up and held for the action of the Fairfax authorities.

Mr. Catts says that an examination revealed that five chickens were in a basket.

Keys stated today that he was simply passing through the place when shot. He denied that he intended to steal chickens.

Residents of Fairfax county below this city and also in Alexandria county recently have had trouble with chicken thieves. During the past few days a number of henneries hav robbed. among them being the chicken houses of C. M. Gorham, Mrs. Frinks and others in West End, and several nights ago thieves stole twenty five chickens from the place of Edward Duncan.

MANUFACTURE EVIDENCE

Sheriff Says Woman's Body Was Deliberately Mutilated After Autopsy

Pittsburgh, Oct. 17.—Sheriff Haddock, of Allegheny County, yesterday sent to Chairman Kenyon, of the Senate committee investigating the steel strike, a letter in which he practically charges that the body of Farnie Sellins, an organizer for the United Mine Workers,. who was shot and killed August 26 at West Natrona, where there was a strike of miners, had been deliberately mutilated after the official autopsy to make it appear she was shot in the back.

The death of the woman has attracted much attention because of charges made by labor union men that she was murdered by deputy sheriffs. The coroner's verdict declared she was killed during a riot. The miners charge she was shot to death while protecting children from the sheriff's deputies.

The body was exhumed last Monday at the instance of a relative, and labor men sent to Chairman Kenyon an affidavit, signed by two physicians, averring that there was a gunshot wound in the back. The coroner's finding made no mention of such a wound.

"Your attention is also respectfully called," says the sheriff's letter, "to the methods pursued by agents of the Department of Labor and Department of Justice, who have been and are conducting investigations into this occurrence.

"These investigators came here at the behest of these agitators, openly charging regularly elected and lawfully commissioned peace officers with most outrageous conduct, for which there is not the slightest foundation. and pursue their inquiries any way but impartially. They usually, if not always, seek out the persons making the charges and leave here with little else than manufactured evidence. and leave behind them a trail of anarchists' speeches and newspaper publicity with which to inflame the populace."

That grief can call its own.

WOULD LIFT BAN ON LIQUOR

Representative After Conference With Palmer Introduces Resolution

A joint resolution repealing the war time prohibition act was introduced in the House yesterday by Representative Rainey, Democrat, of Illinois.

Mr. Rainey was moved to make this new effort to life the emergency ban by the assurance of Attorney General Palmer that his resolution of a few days ago would not accomplish that purpose. The previous measure declared it to be the sense of Congress that the objects of the law had been attained and requested the President to declare demobilization of the army complete. It was believed this action automatically would annul the war time act.

At a conference with the Congressman yesterday, the Attorney General said that, personally, he would like to see the ban lifted, if it were possible. But the President has not the authority to take this action, he added.

Mr. Palmer pointed out that the emergency dry act provides that it shall continue in effect until the end of the war and thereafter until the termination of demobilization.

JEWISH RELIEF CAMPAIGN

Collection Thus Far About $1,300

The collection thus far for the Jewish War Relief Campaign amounts to about $1,300.

Alexandria's quota is $5,000 and the committee hopes to raise this amount before the close of the campaign which will end next Friday night.

The committee urges all persons on whom its members have not had an opportunity to call to send their contributions to L. Ruben, 601 King street or to J. T. Preston, secretary of the Chamber of Commerce.

Reports from all over the state of Virginia show that the drive for Virginia's quota of $300,000 of Jewish War Relief Fund of 35,000,000, show that Virginia is well on her way over the top. The enthusiasm with which the workers have gone about the business of collecting for the only distinctly Jewish charitable fund ever subscribed to in Virginia has been most gratifying to those in charge of the campaign and they predict that it will not take more than half of the ten days alloted for the drive to put Virginia over the top.

Moe Levy, chairman for the campaign for Virginia, who successfully organized the state for the drive, is receiving daily reports from the various local chairman and announced yesterday that over half of the quota for Virginia has been subscribed to on the second day of the drive.

In Norfolk, where there is a large mixed population, the drive has been enthusiastically received. At the first luncheon of the team workers, who meet everyday to make their reports and map out plans for the following day, the subscriptions went almost to $50,000, or within $10,000 of Norfolk's quota. It was decided at that meeting to keep the campaign going until $75,000 has been subscribed.

THE THREAT OF REVOLUTION

"When Germany's army of barbarians were almost in sight of Paris, and America and the Allies held their breath under the fearful tension of whether that great city would be looted by this horde of ravagers and ravishers, the civilization of this country was not in greater danger, probably not so great, as it is today, when the same Hell-inspired forces of evil are at work throughout our land to ravage, to ravish and to loot the country and utterly destroy our Government." This is the observation of the Manufacturers' Record of Baltimore which farther says:

"The threat of revolution is heard everywhere. The Radicals and Socialists in high places and in low, twin children of Satan himself, are seeking to destroy the Government of ths republic and revel in the wild orgies of murder and crime which have brought Russia down into the mire of woe and unspeakable misery. The influences which are at work there were largely vomited from Germany and from Hell, synonymous terms then, for the present and for all time to come, unless Germany shall be redeemed from the Satanic power which its people have gladly and joyously taken unto their bosom.

"This is the spirit back of the strikes which are sweeping over the land. Innocent men are being made to do the bidding of the vilest Radicals, Socialists and Bolshevists, that this or any other country has ever known. Such labor unions, as are now controlled by Radicalism, are endangering the nation, and it behooves every patriotic man, and there are hundreds of thousands of them in labor unions, either to control these organizations for good, or else to come out from among them and stand for the safety of civilization.

"The time has come for the teacher and the preacher, the business man and the newspaper, and for everyone who loves not simply America, but who loves human liberty and civilization, to awaken to the seriousness of the struggle which is now before us in the effort of the Radicalism to dominate the country."

THE HIGH COST OF ILLNESS

Higher yet and higher, soar the prices of drugs. That many articles in general use—quinine, castor oil, idodine, camphor—cost incredibly more than they did a few years ago everyone is painfully aware, says a contemporary. "That the filling of the simplest prescription makes a heavy drain on the modest purse is also evident. But a fresh rise in wholesale prices promises higher charges still to the ultimate consumer. When camphor, for example, goes from 60 cents to $3.75 a pound, the dazzling summits of cost reached by more expensive articles may easily be surmised.

"The increased prices of patent medicines may be borne with philosophical resignation. But both patients and doctors face a serious difficulty when even the commonest drugs emulate the precious metals. To the poor the cost of many prescriptions which once could be filled for a small sum has now become prohibitive. To those of moderate means it is a heavy addition to the expense of illness. Moreover, doctors hesitate to write prescriptions which they know their patients cannot pay for. In such cases they have to do as best they may with remedies less effective."

HUNTINGTON'S FORECAST

According to figures given out by the offices of the United States Shipping Board at Norfolk Tuesday, there were 91 Shipping Board vessels at Norfolk, Newport News and in Hampton Roads at that time. These figures are independent of ships operated by private cororations or under foreign flags

Shipping men of Norfolk estimate that the number of vessels in that port and at Newport News, including those at anchor in the Roads, will pass the 500 mark. Shipping has shown a very material increase in Norfolk in the past few months, which has given considerable impetus to various movements looking to increasing the port facilities. The city of Norfolk is now working out plans for a proposed municipal terminal. to be built on property owned by the city. Private interests are also working on several terminal propositions.

Many years ago the late C. P. Huntington, President of the Chesapeake and Ohio Railway Company, said Norfolk and Newport News were destined to become the New York of the south. He showed that Hampton Roads was one of the finest harbors in the world.

Nearly a third of a century ago we were reading dispatches in the shipping news of the New York Herald. They came from every important port in the old and new world. We were especially interested in the fact that there were more arivals of steamers from Norfolk and Newport News and departures for the same ports than any other places on this continent. Huntington's prophecy is being fulfilled.

EAGER FOR EXECUTION

Arraigned recently at Mays Landing near Atlantic City, and asked to plead to an indictment found against him for the murder of his wife last summer, Charles Lalin promptly answered "Guilty." "Do you realize what this means to you?" asked Justice Black, and Lalin replied: "Yes, the electric chair."

When Lalin was asked if he had counsel the prisoner said: "I had only been married about a week and she took all my money. I am looking for nothing but the electric chair and counsel would hardly do me any good."

The above brings to mind the case of George Midgett, colored, the last person hanged in Alexandria. In the first decade of the present century Midgett was arrested on the charge of shooting and killing Charles Smith, white, of this city, on upper King street. Midgett disappeared on the night of the murder but was later taken in custody in Pennsylvania and returned to this city. He made no attempt to procure counsel, and the Corporation Court appointed two members of the bar to defend him. He refused to plead justifiable homicide or second degree murder when requested to do by his counsel, but persisted in declaring his innocency of the crime. The evidence and circumstances, however, were against him, and Midgett was sentenced to be hanged. A new trial was refused by the Corporation Court, and the case was taken to the Court of Appeals. That tribunal affirmed the decision of the lower court. Midgett was in jail and in the act of lighting a cigarette when the news reached him of the action of the Court of Appeals. Without manifesting the slightest concern, he said: "Thank God!" and continued to roll his cigarette. On the morning of his execution, after the reading of the death warrant, he was asked: "Are you ready?" "Ready!" was his immediate and clear response, and ten minutes later he was swinging from the scaffold.

WOULD SUFFER HUN'S FATE

If there is a coal strike the country will finally beat it. The fuel which is the life-blood of industry is in the mines and will be lifted. The coal measures can't be long locked up.

A coal strike would be beaten as Germany was. The miner, like the Prussian, thinks the power is in his hands. But it isn't. The black treasures are the public's—part of the dower of nature. No set of mine owners would be allowed arbitrarily to close them up, nor may any other set of men.

But it cost to subdue Germany, and it would cost to subdue her imitators. Millions of other workers would lose employment as wheels stopped. But they would mobilize. The instinct of self-preservation would drive them, even as it does water-crazy cattle when they scent a stream, to overwhelm all obstructions.

What would the miners gain by an attempt to lay an embargo? What the Germans gained. The savings of prosperous years would be quickly consumed. If the miners withheld the fuel, other persons would not benevolently give them something for nothing. The miner swaps coal for other commodities.—(New York Tribune.

DIVORCE DECREE DRASTIC

Danville Musician Forbidden to Marry Again.

Danville, Va., Oct. 17.—Manley B. Ramos, formerly of Richmond and Lynchburg and a musician of repute here, sued by his wife for divorce, must pay her $60 a month alimony for life and is prohibited from marrying again, according to the decree handed down by Judge E. Walton Brown. The deicision is said to be the most drastic ever recorded in the local courts.

The depositions made by Mrs. Edna B. Ramos, who is given the custody of their young daughter, Henrietta, are voluminous and allege a series of wrongs beginning with the night of the wedding, six years ago.

Interest here was principally entered on the two Danville women and the man who are known to have been involved in an incident which led to the institutions of divorce proceedings. The contending attorneys, however, by agreement did not reveal their identity and their names are not mentioned in the depositions or the bill of complaint.

A Woman's Hearty Recommendation

Worry and overwork cause kidney trouble, and women suffer equally with men. Miss Sara Weston, Belvidere, Ill., writes: "I could not stoop down and when I was down I had to crawl up by a chair, I was so lame I suffered agony. Now I feel like a new person, strong and better in every way. My general health is quite improved. I heartily recommend Foley Kidney Pills to all suffering the way I did." They relieve dizziness, puffiness under the eyes, sore muscles and joints and rheumatic pains when caused by disordered kidneys. Sold everywhere.

A Fundamental Fact

WHEN A MAN STARTS a business he usually expects to make a living at it. If, after conducting the business as efficiently as conditions permit, he finds that he is losing money, there are only two things he can do: raise his prices—or quit.

THIS FACT IS FUNDAMENTAL. And it applies to public-serving companies as well as to individuals. For example, if the telephone company—after conducting its affairs as efficiently as possible—finds its revenues insufficient to pay expenses and yield a fair profit, the telephone company suffers.

THE TELEPHONE COMPANY CANNOT CLOSE UP SHOP; THEREFORE, IT MUST APPEAL FOR MORE REVENUE OR ALLOW ITS PLANT AND SERVICE TO RUN DOWN.

WE BELIEVE THAT NO telephone subscriber wishes to feel that he is receiving service at a price so low that our company is forced to lose money, just as the intelligent citizen does not want the merchants with whom he deals to lose money on his purchases.

OUR APPEAL FOR HIGHER RATES, in other words, is based on the fundamental fact that to give good service we must have adequate revenues. In previous advertisements we have placed before you the figures showing the financial condition of our business; we have stated the increased difficulties that we are meeting, and we now ask your consideration of fundamental fact that even a public service corporation must make a living.

WE ARE MAKING THESE statements in the public press in order that you may see for yourself that our request for increased revenues is based on sound business principles.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

Common-Sense for Corns, "Gets-It"

The Great Painless Corn Loosener. Simple as A. B. C. Never Fails.

If you have ever tried to get rid of a corn by bundling up your toe with bandages, or by using salve that made your toe red and almost raw, or tried to drag your corn out with a knife, there will be a surprise waiting for you when you use "Gets-It." Imagine peeling your corn off gloriously, easily and painlessly, just like peeling off a banana skin. Well, that is what happens when you use "Gets-It." There is nothing else that will give you this same result. Millions of folks have had the same blessed experience. Why putter and suffer, limp, and spoil a good time for yourself and your friends, or your peace of mind while trying to attend to business? Use "Gets-It," the simple common-sense way. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

"Gets-It" Takes Out the "Ouch" and the Corn.

Sold in Alexandria and recommended as the world's best corn remedy by RICHARD GIBSON, FRANK WARFIELD.

AVOID THE "FLU" BUILD UP NOW

You can almost surely escape the "Flu" and Grippy Colds this Fall by Taking Chasco-Vin a Most Palatable Body-Building Tonic.

Don't put it off its, much easier to keep the "Flu" away than it is to cure it.

No one would have the awful experience of a year ago repeated hence all should take every precaution, especially those who are weak nervous and run-down. They absolutely need Chasco-Vin.

During the last epidemic thousands were safeguarded by taking Chasco-Vin, a body-building tonic that does build.

It is the toning up of the system that counts in keeping the "Flu" away.

In conjunction with Chasco-Vin we advise using a good anti-septic solution for the throat and nose and also that the bowels be kept open.

Chasco-Vin is sold by Edgar Warfield, jr., King and Pitt Streets.

Strike out from the Constitution of Virginia section one hundred and seventeen, which is in the words and figures following, to-wit:

Section 117. General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. But each of the cities and towns of the State having at the time of the adoption of this amendment a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended so as to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

Notwithstanding, however, anything in this article contained the general assembly may, by general law or by special act (passed as prescribed in article four of this Constitution), depart in any respect (except as otherwise in this section expressly provided) from the form of organization and government prescribed by this article for cities and towns, and may provide, from time to time, for the various cities and towns of the Commonwealth such form or forms of municipal government as the general assembly may deem best; but no form or forms of government authorized by the second paragraph of this section shall become operative except as to such cities or towns as may thereafter adopt the same by a majority vote of its qualified electors at an election to be held as may be prescribed therefor by law. All the limitations on the powers of the councils of cities and towns imposed by this article shall apply in like manner to the principal legislative authority under any form of government which may be authorized hereunder. The term "council" as used in sections one hundred and twenty-five and one hundred and twenty-seven of this Constitution shall be construed to include the body which, under any form of municipal government, shall be vested with the principal legislative authority of such municipality.

The general assembly, for the purpose of this article, may classify cities according to their population, but the maximum population prescribed for any class shall exceed the minimum population for the same class by at least ten thousand. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

Sec. 117. (a) General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house. But each of the cities and towns of the State having at the time of the adoption of this Constitution a municipal charter may retain the same, except so far as it shall be repealed or amended by the general assembly; provided, that every such charter is hereby amended to conform to all the provisions, restrictions, limitations and powers set forth in this article, or otherwise provided in this Constitution.

(b) The general assembly may, by general law or by special act (passed in the manner provided in article four of this Constitution) provide for the organization and government of cities and towns without regard to, and unaffected by any of the provisions of this article, except those of sections one hundred and twenty-four, one hundred and twenty-five (except so far as the provisions of section one hundred and twenty-five recognize the office of mayor and the power of veto) one hundred and twenty-six one hundred and twenty-seven and one hundred and twenty-eight of this article and except those mentioned in sub-section (d) of this section. The term "council" as used in any of said sections shall include the body exercising legislative authority for the city or town, and all ordinances enacted and regulations adopted by such body shall have the same force and effect for all purposes, as if enacted or adopted in accordance with the provisions of section one hundred and twenty-three of this article. But such organization and government shall apply only to such cities or towns as may thereafter adopt the same by a majority vote of those qualified voters of any such city or town voting in an election to be held for the purpose, as may be provided by law.

(c) The general assembly, at the request of any city or town made in manner provided by law, may grant to it any special form of organization and government authorized by sub-section (b) of this section, and subject to all of the provisions of that sub-section, except that it shall not be necessary for such city or town to thereafter adopt the same.

(d) Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurers and city sergeants.

(e) Any form of organization and government authorized by any provision of this section which may have been adopted heretofore by any city or town pursuant to any act of the general assembly enacted before such provision became effective, and which is now in operation, is hereby declared legal and valid ab initio, and shall have the same force and effect as if it had been authorized by this Constitution at the time of its adoption.

A RESOLUTION proposing an amendment to section 136 of article 9 of the Constitution of Virginia, and providing for publishing said amendment and certifying the same to the next session of the general assembly.

Resolved by the house of delegates, the senate concurring (a majority of the members elected to each house agreeing), That the following amendment to the Constitution of Virginia be, and the same is hereby, proposed, and referred to the general assembly to be chosen at the next general election of members of the house of delegates, for its concurrence, in conformity with the provisions of section one hundred and ninety-six, of article fifteen, of the said Constitution, namely:

Strike out from the Constitution of Virginia section one hundred and thirty-six, which is in the following words:

Section 136. Each county, city, town, if the same be a separate school district, and school district is authorized to raise additional sums by a tax on property, not to exceed in the aggregate five mills on the dollar in any one year, to be apportioned and expended by the local school authorities of said counties, cities, towns and districts in establishing and maintaining such schools as in their judgment the public welfare may require; provided, that such primary schools as may be established in any school year, shall be maintained at least four months of that school year, before any part of the fund assessed and collected may be devoted to the establishment of schools of higher grade. The boards of supervisors of the several counties, and the councils of the several cities, and towns if the same be separate school districts, shall provide for the levy and collection of such local school taxes.

And insert in lieu thereof the following:

Section 136. The boards of supervisors of the several counties, and the councils of the several cities, and towns if the same be separate school districts, shall provide for the levy and collection of such local school taxes.

I hereby certify that the foregoing is a true copy of amendments proposed to the Constitution and agreed to by the General Assembly of Virginia, session 1918, and the same is published in pursuance of section 196 of the Constitution and act of the General Assembly, approved February 3, 1908.

Notice to the Public

The Chesapeake and Potomac Telephone Company of Virginia will on the tenth day of November, 1919, at 10 o'clock a. m., make application to the State Corporation Commission in the court-room of said Commission in the City of Richmond, for permission to increase certain exchange and toll rates at its various exchanges in Virginia.

The proposed exchange rates for local service as applying to the Alexandria central office district, to be as follows:

	Business	Residence
Individual Line, Per Annum	$60	$36
Two Party Line, Per Annum	54	27
Four Party Line, Per Annum	*42	
Rural Line, Per Annum	42	27
Extension Station, Per Annum	15	6
Service Station, Per Annum	14	9

*50 local messages per month, additional messages 5c each.

The proposed toll rates to involve an increase in charges for messages between certain points not more than 72 miles apart by air line, which under the proposed schedule will be computed on the basis of the circuit route distance instead of air line distance as at present the existing toll rates for distances beyond 72 miles to remain unchanged.

The proposed toll rates and all other proposed changes in rates and regulations are on file with the Commission. The proposed exchange rates are also in possession of local and district managers at the Company's commercial offices.

The Company has filed with the State Corporation Commission the present schedule of exchange and toll rates, more generally known as Postmaster General rates, to be continued in effect on and after December 1st, 1919, and until the State Corporation Commission enters its final orders on the present application.

DODSON WARNS CALOMEL USERS

It's Mercury! Attacks the Bones, Salivates and Makes You Sick

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness constipation, sluggishness, headache coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

"It has been the established policy of Japan since the war to return the Shantung possession to China. Japan does not want Shantung and will return it as soon as possible," he said.

DANVILLE STRIKERS RETURN

Danville, Va., Oct. 17.—The strike of brickmasons has ceased here just as suddenly as it started, work being resumed by the workmen Tuesday following a meeting at which the consensus of opinion predominated that there was little use in prolonging it. The contractors win a victory because the brickmasons return with the knowledge that the local union is not recognized. One factor in breaking the strike was that owners of building delayed by the walkout were willing to stand behind the contractors and agreed to rule out of the contracts clauses relating to deliveries within a specified time.
